6. **Accommodation**

The venue of the symposium is the MARITIM Hotel right in the centre of Berlin and very close to the Potsdamer Platz. There are quite a number of cheap hotels and hostels around the location of the symposium. Please take a look:

7. **Symposium and Summer Holidays**

The symposium takes place during the best time for summer holidays. The federal state Brandenburg is one of the most attractive areas for adventure and recreation. There are a lot of beautiful lakes around Berlin with a lot of history and culture. This area is ideal for tours by car or by bicycle and the beautiful Baltic Sea is only two hours away from Berlin.

All this invites a combination of visiting the symposium and enjoying Berlin and its surrounding.

Looking forward to see you in Berlin!
